

CarolinaCAP is a non-degree program leading to full licensure for candidates in partner districts with the goal to create a high-quality alternative pathway into teaching that marries the expertise of local teachers, schools, and districts with an institution of higher education (UofSC) and a national non-profit (CTQ).

**8 of 12 District Partners
along the I-95 Corridor**

YEAR ONE SUCCESSES

- District partner recruitment of I-95 corridor districts exceeded requirements.
- Recruitment efforts yielded 12 district partners and 174 applicants in the pipeline.
- CarolinaCAP is providing a diverse teaching cohort to meet the needs of diverse districts.

WHAT PARTNERS ARE SAYING...

"CarolinaCAP has provided Barnwell Elementary with three excellent teachers. These educators have embraced the challenges of meeting the needs of their students amid these uncertain circumstances of the COVID pandemic. They research best practices, ask for assistance from their mentors, and invest their time and talents to improve the level of instruction in their classrooms. Barnwell Elementary School is fortunate to have these three educators as part of our Mustang family."

—Ms. Kay Gooding, Principal, Barnwell Elementary School

"I value most the collaboration among the coaches, candidates, school districts, community, and the University. Not to mention the cohort of HR directors having an opportunity to discuss and learn what's new or what we need to do to assist with the alternative pathway partnership for candidates."

—Dr. LaToya Thomas-Dixon, Director of Human Resources, Williston School District 29

197

Total applicants from diverse backgrounds, locations, and life experiences

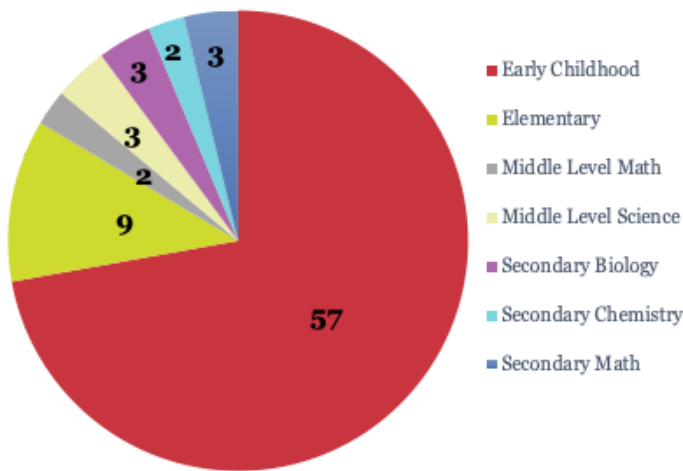

12

District Partners with an additional 10 districts exploring partnership
