

CarolinaCAP is a non-degree pathway leading to full licensure for candidates in partner districts with the goal to create a high-quality alternative route into teaching that marries the expertise of local teachers, schools, and districts with an institution of higher education (UofSC) and a national non-profit (CTQ).

**8 of 14 District Partners
along the I-95 Corridor**

QUARTER THREE HIGHLIGHTS

- Two CarolinaCAP Candidates, Brittany Caniglia and Rashard Burrows, were selected as First Year Teacher of the Year for their schools.
- CarolinaCAP Candidate, Adadra Neville, shares her inspiring journey to becoming a teacher.
- The launch of CarolinaCAP Virtual Learning Communities provides space for candidates and coaches across districts to learn and grow together.

WHAT PARTNERS ARE SAYING...

“Instead of traveling far and near to find candidates, we plan to interview and potentially hire CAP candidates, instead. With support from both the School Board of Trustees and Superintendent of our district's recruitment plan, I am confident that we will continue to hire and retain dynamic educators.”

-LaToya Adams, Director of Human Resources, Williston School District 29

“My CarolinaCAP coach is there if I need support or resources. I feel like everything is individualized just for me, and I'm very supported.”

-Ronnica Young, CarolinaCAP Candidate, Marlboro County School District

226
