

CarolinaTIP

Teacher Induction Program

Strategically Designed Teacher Development Sessions

Personalized Coaching from Carolina Coaches

Collaborative Community of Novice Teachers

Graduate Course and Microcredentials

Proven & Award-Winning Program

“The merging of coaching and professional development with a community of novice educators is an **invaluable service to a district**. As CarolinaTIP helps new **teachers grow their self-efficacy**, the additional support **helps districts retain their most vital resource**.” *Director of Teacher Quality & Staff Development*

“CarolinaTIP has had a tremendous impact on my first year as a PACE teacher. In fact, I am not sure I would be signing up to teach a second year if I had not joined CarolinaTIP. I received individual support and prescriptive coaching when I was in great need. I have positive self-confidence and know I am in the right career due to the support and coaching from CarolinaTIP this year.”

Three Years of Retention Support for USC Graduates Guaranteed
at no cost to the district

District Funded Support for Non-USC Graduates
including alt. cert. teachers

EMPHASIS OF TEACHER SESSIONS IN YEAR ONE

Three-Pronged Approach to Classroom Management:
A Relational, Procedural, & Instructional Approach

Engagement and Responsiveness in the Classroom:
Reaching & Teaching All Students

College of Education
UNIVERSITY OF SOUTH CAROLINA

PROGRAM BENEFITS

Supplemental layer of **proven and effective retention support**

Professional Development opportunities provided at **no cost to the teacher:**

- USC Graduate Course
- Micro-credentials
- Teacher Development Sessions
- Individual Coaching and Support

Significant Potential for **Retention**
Cost Savings in Partner Districts

PROGRAM IMPACT

Since 2017, CarolinaTIP has achieved **teacher retention rates ranging from 93% to 100%**

As a result of three years of program support, TIP Teachers overwhelmingly report:

- Decreased Stress**
- Increased Self-Efficacy**
- Increased Job Satisfaction**

CarolinaTIP retention remains 30% to 40% higher than state and national averages for retention of novice teachers
