

## Afternoon Workshops

### **Special Education: Writing IEPs** (Room 128)

Designed to assist educators in understanding the process and components of developing effective IEPs for students with special needs, this workshop is an Individualized Education Program (IEP) writing seminar. It will cover topics such as legal requirements, best practices, goal setting, accommodations, modifications, and strategies for collaboration among stakeholders. Participants will engage in discussions and practical exercises to learn how to tailor IEPs to meet the unique needs of each student. By the end of the workshop, attendees should feel confident in their ability to craft comprehensive and meaningful IEPs that support student growth and success.

### **Micro-Credentials: Hit Submit** (Multipurpose Room)

In this workshop, we will provide **HIT SUBMIT** support to create a **culture of learning** and make the candidate's personalized professional learning a **priority**. We will provide **peer support** and **review** as candidates finalize their micro-credential(s). Candidates are strongly encouraged to come with their Overview and Artifact(s) completed and use the [HIT SUBMIT Planning Tool](#) to prepare for the session.

### **Passing Praxis II Exams** (Room 127)

The most important thing you can do to prepare for any exam is to find the test specifications and blueprint and analyze the structure and content of the test. This interactive session will offer Praxis II test-taking strategies, tips, and resources for passing the required SC state licensure examinations. Participants will “unpack” ETS study companions, explore relevant resources, and engage in test-taking strategies. CarolinaCAP candidates will better understand what to expect and how to prepare for the Praxis II exams.

### **Demystifying Coaching** (Auditorium)

During this enlightening session, we will delve into the CarolinaCAP Coaching Model, designed to foster effective coaching practices in educational settings. Grounded in proven methodologies, this model empowers coaches and candidates alike to facilitate collaboration, promote deeper thinking, and enhance problem-solving skills among students and colleagues. Throughout the session, participants will unravel the nuances of coaching language and practice, gaining valuable insights into specific skills and behaviors. Through interactive exercises, attendees can hone coaching strategies and embark on a journey of self-assessment to identify their unique coaching preferences. Don't miss this chance to unlock the potential of coaching in teaching and learning.
